November 2017 BOD Report

It has been a very quiet month

We have received notice that the 9th Circuit Court of Appeals, has denied our Appeal of the Montana lynx settlement. At this point it appears we have reached an end to possible remedies through the courts. There are regulatory changes that could be pursued within the Montana Fish and Game.

Trapping and hunting seasons are in full swing across the country. I hope each of you will spend some time in the field this fall/winter, and have a safe and happy Thanksgiving.

As always, if you have any questions or concerns don't hesitate to call myself or any of the NTA officers.
