2. There is a 5% commission on the total selling price of your fur as well as a \$0.25 charge per sub-lot.
  - Note each sub-lot requires a separate lot form.
3. Each sub-lot may contain **as many furs of one species** as you wish to sell simultaneously.
  - **No more than 5 green Beaver or Otter or 10 green Raccoon** may be bundled together.
  - **Each sub-lot may contain several bundles.**
4. If you wish to reject a bid ( PO-pull out) you must do so before the fur leaves the auction table.
5. Sellers must be ATA members. Anyone desiring membership may acquire it at the ATA table.
6. No “outside deals” (selling privately or not across the auction table).
  - The only exception is Deer hides and antlers. **All fur will go across the auction table for all buyers to bid. Violators may be banned from future ATA events.**
7. Beaver castors must be dried or fully thawed so they can be inspected by the buyers.
  - Anyone attempting to sell frozen castors will risk a greatly reduced price or a “no sale”
